# ACKNOWLEDGEMENTS

This publication is a project of the Environmental Law Institute. Funding was provided by generous grants from the Welfare Foundation, Longwood Foundation, Surdna Foundation, Town Creek Foundation, and Geraldine R. Dodge Foundation. Funding for production of the report was generously provided by The Nature Conservancy's Delaware Field Office, the Delaware Nature Society, and the Delaware Department of Natural Resources and Environmental Control's Division of Fish and Wildlife and Coastal Management Program. The contents of the report are the responsibility of the Institute. Authors of the report were Jessica B. Wilkinson, Shi-Ling Hsu, Brian Rohan, David Schorr, and James McElfish, with research assistance from Jill van Berg, Elizabeth Gordon, Hank Kessler, Marc Dworin, and Rasheq Rahman.

Special thanks to Jerry Vaughn who catalyzed interest in the project; Lorraine Fleming, Roger Jones Jr., Andrew T. Manus, and Michael Riska for encouraging ELI to embark upon the effort; and to the Delaware biodiversity working group — Lloyd Alexander, Gregory Breese, Lynn E. Broaddus, Lorraine M. Fleming, Roger L. Jones Jr., Robert Line, Andrew T. Manus, Kenneth M. Reynolds, Charles R. Vickers — for helping to kick the report off with characteristic Delaware enthusiasm.

Although the views expressed in this report should not be attributed to particular individuals or organizations, we gratefully acknowledge the assistance of the following people who provided us with valuable information and guidance:

*Joe Abele, Jennifer Atkins, Charles Baker, Robert Baldwin, Tom Barthelmeh, Ted Beauvais, Chris Bradley, Hooper Brooks, Dennis Brown, Joseph Cantalupo, Jim Chaconas, Toby Clark, Sarah Cooksey, Eli Cooper, Sloane Crawford, Alton Dahl, Paul Daly, Forbes Darby, Mark A. Davis, Jim Dobson, Kevin Donnelly, Ken Dunne, Donald A. Eggen, Peggy Emslie, Al Farling, Joe Field, Terry Fulmer, Lisa Gelvin-Innvaer, Nancy Goggin, Richard Greene, Lynn Harrison, Rusty Harvey, Chris Heckscher, Robert Henry, Lynn Herman, Terrance L. Higgins, Vasuka Hiraesave, Elizabeth Holloway, Rob Hossler, David Hugg, Pat Hurley, Herb M. Inden, Kathleen Jamison, Jon Jensen, Terry Johnson, William Jones, Tim Kaden, Desmond Kahn, Sally Kepfer, Kathy Klein, Debra von Koch, Charles Lesser, Stewart Lovell, Jennifer Lukens, Miriam Lynam, Mike Mahaffie, Al Matlack, John Maxted, James May, Rick McCorkle, Jenny McDermott, Mike McGrath, Stewart McKenzie, Bob Moore, Greg Moore, Peter Morrow, William Moyer, Larry Niles, Tom O'Connell, Tim O'Connor, James Olson, George O'Shea, Jack Perdue, Arlyn Perkey, Robert Perry, Grace Pierce-Beck, Larry Pomatto, Leah Roedel, Jim Rassman, Bruce Richards, William Ritter, Roland Roth, Charles Salkin, Wendell Scheib, John Schneider, John Schwalm, Christine B. Shelton, E. # TABLE OF CONTENTS

## SECTION I:

### DELAWARE’S BIOLOGICAL DIVERSITY —

#### A VALUABLE RESOURCE . . . . . 1

#### Chapter 1: Delaware’s Biological Diversity — Values, Trends, and the Future . . . . . 3

Delaware's Historic Biological Diversity . . . . .	3
Delaware’s Natural Regions . . . . .	4
Why Conserve Biological Diversity? . . . . .	5
Sources of the Loss of Biological Diversity . . . . .	6
Habitat Loss and Fragmentation . . . . .	8
Habitat Loss. . . . .	8
Habitat Fragmentation. . . . .	9
Habitat Degradation . . . . .	10
Exotic Species . . . . .	11
Current Threats: Why Delaware Needs to Act Now . . . . .	13
The Loss of Native Species . . . . .	13
The Loss of Wetland Resources . . . . .	13
Tidal Wetlands . . . . .	14
Non-Tidal Wetlands . . . . .	14
Diverse Forest Habitats . . . . .	15
Water Quality Impairment . . . . .	15
Runoff, Siltation, and Erosion . . . . .	16
Effects of Agricultural Drainage . . . . .	16
Hopeful Trends . . . . .	17

#### Chapter 2: Principles of Conservation . . . . . 23

Goals of Biodiversity Conservation . . . . .	23
Fundamentals of Biological Diversity Conservation . . . . .	24

## SECTION II:

### DELAWARE’S LAW, POLICY AND MANAGEMENT: OPPORTUNITIES FOR THE CONSERVATION OF BIOLOGICAL DIVERSITY . . . . . 31

#### Introduction . . . . . 33

#### Chapter 3: Planning Mechanisms . . . . . 35

State Level Planning . . . . .	35
The Delaware Planning Act and Office of State Planning Coordination . . . . .	35
Intergovernmental Coordination in Land Use Planning. .	36
“Shaping Delaware’s Future” . . . . .	36
Mapping to Guide Investment . . . . .	37
Local Land Use Planning and Zoning . . . . .	38
Land Use Planning: Opportunity and Requirements. .	38

Local Land Use Planning and Biodiversity Considerations . . . . .	39
Zoning and Subdivision Regulations: Implementation of the Plan . . . . .	39
Counties . . . . .	39
Municipalities . . . . .	39
Zoning Regulations and Consideration of Biodiversity. .	40
Environmental Design Standards . . . . .	40
Protection of Wetlands, Floodplains, and Steep Slopes . . . . .	40
Protecting the Rural Landscape . . . . .	40
Protection of Agricultural Land . . . . .	41
The TDR Option . . . . .	41
Subdivision Review . . . . .	41

State Agency Influence On Land Use – the Role of DNREC . . . . .	42
State Resource Areas . . . . .	42
Wastewater Disposal . . . . .	42
Transportation Planning . . . . .	43
NEPA: Minimizing Environmental Damage . . . . .	43
Tea-21 . . . . .	43
Long Range Transportation Planning . . . . .	44
Multi-Modal Transportation Planning . . . . .	45
Conclusion . . . . .	46
Recommendations . . . . .	46

#### Chapter 4: Laws and Regulations Related to Species and Habitat Protection . . . . . 51

The Protection of Fish and Wildlife Generally . . . . .	51
Protecting at-Risk Species . . . . .	51
Protecting Animals . . . . .	52
Protecting Plants . . . . .	53
Enhancing the Protection of at-Risk Species . . . . .	53
Protections to Control Exotic Species . . . . .	53
Noxious Weed Control . . . . .	53
Phragmites Control . . . . .	54
Plant Pest Law . . . . .	54
Nursery Law . . . . .	54
Seed Law . . . . .	55
Control of Exotic Mammals, Reptiles, and Aquatic Species . . . . .	55
Promoting Sustainable Agriculture and Forestry . . . . .	55
Controlling Pesticide Use . . . . .	55
Forestry Laws and Regulations . . . . .	56
Seed Tree Program . . . . .	56
Forestry Sedimentation and Erosion Control Program . . . . .	56
Wetland Laws and Regulations . . . . .	57

Tidal Wetlands Protection	57
Non-Tidal Wetlands Protection	59
The Use of Section 401 to Protect Non-Tidal Wetlands	59
Comprehensive Conservation and Management Planning for Delaware's Tidal and Non-Tidal Wetlands	60
Compensatory Wetland Mitigation	61
Compensatory Wetland Mitigation for Impacts From Transportation Projects	61
Delaware Mitigation Banking Policies	62
DelDOT's Mitigation Banking Policy	62
DNREC's Mitigation Banking Policy	63
The Future of Wetlands Conservation in Delaware	63
Subaqueous Lands Regulations	63
Drainage Activities in Delaware	64
Lessening the Impact of Drainage Activities	66
Water Quality Regulation	67
Sedimentation and Erosion Control Requirements	67
Seeking Solutions for Nutrient Control	68
Septic System Regulations	68
Water Quantity Regulations	69
Coastal Zone Protection	69
The Federal Coastal Zone Management Act	69
Consistency Provisions	70
State Coastal Zone Protection Program	70
Marine Fisheries Law	71
Horseshoe Crab Regulations	72
Blue Crab Regulations	72
The Effect of Gill Nets	72
Conclusions	73
Recommendations	73
<b>Chapter 5: Protection of Open Space in Delaware</b>	<b>81</b>
Delaware's State Park System	81
Natural Areas Protection in Delaware	81
Protection Status of Delaware's Natural Areas	84
Open Space Protection: the Land Protection Act	85
Enactment of the Land Protection Act	86
Delaware Open Space Council and Acquisition Prioritization	86
Obligations of Local Government	87
Delaware's Greenways & Trails Program	88
State Wildlife Areas	89
Agricultural Land Protection	89
Eligibility and Scoring of Farmland	90
Farmland Protection and Benefits for Biodiversity	91
Using the Farmland Preservation Program to Grow Smarter	91
State Funding for Acquisition	92
Delaware Land and Water Conservation Trust Fund, Bond Funding, and the Realty Transfer Tax	92
The 21st Century Fund and Growth Management Fund	92
The Future of Open Space Funding and Acquisition in Delaware	92
Conclusion	93
Recommendations	94

<b>Chapter 6: Management and Research</b>	<b>97</b>
Data Collection, Management, Monitoring, and Sharing	97
Delaware Natural Heritage Program	97
Gap Analysis	98
Water Quality Monitoring	98
Development of a Statewide Biodiversity Inventory and Assessment	98
Managing Delaware's Fish and Wildlife	99
Wildlife-Related Recreation	99
Funding for Wildlife	99
Non-Game and at-Risk Species Management	99
Enhancing Wildlife Diversity	100
Marine Restoration and Research	102
Small Game Management	103
Small Game Management On Public Lands	104
Leased Wildlife Areas	104
Species Management Decision-Making and Priority Setting	104
Current Planning Mechanisms	104
Management of Delaware's Forests	105
Forest Health and Fire Prevention	106
Funding for State Forest Management	106
Forest Management Conclusions	106
Balancing the Needs of State Parks	106
Management of Open Space	107
Funding for Stewardship	107
Native Species Protection Efforts	107
Delaware Invasive Species Council	107
Native Species and DNREC's Division of Parks and Recreation	108
Transportation Management to Protect Biodiversity	109
Rights-of-Way Management	109
Highway Mitigation and Restoration Activities	110
Wetland Restoration and Management	110
Phragmites Control Efforts	110
Impoundment Management	111
Mosquito Management	112
Softening the Shoreline	112
Northern Delaware Wetlands Rehabilitation Program	112
North American Waterfowl Management Plan	113
The Future of Wetland Management	113
Other Cooperative Programs	113
Delaware Inland Bays Estuary Program	113
Delaware Estuary Program	114
Whole Basin Initiative	115
Pea Patch Island Special Area Management Plan	115
Conclusion	116
Recommendations	116
<b>Chapter 7: Private Landowner Outreach, Assistance, Taxation, and Incentive Programs</b>	<b>123</b>
Tax Incentive Programs Conservation	123
Current Use Appraisals for Lands Subject to Conservation Easements	123
Land and Historic Resource Tax Credit	123
Parkland Tax Incentives	124
Agriculture Tax Incentives	124

Forest Management Tax Incentives: Commercial	
Forest Plantations . . . . .	124
Redevelopment Tax Incentives . . . . .	125
Agricultural and Wetland Cost-Share Opportunities . . . .	125
Conservation Reserve Program . . . . .	125
Conservation Reserve Enhancement Program . . . . .	125
Wetlands Reserve Program . . . . .	126
Environmental Quality Incentives Program . . . . .	126
Status of Delaware's Participation in	
Farm Bill Programs . . . . .	126
Forestry Incentive, Cost-Share, and Outreach Programs . .	126
Forestry Stewardship Program . . . . .	126
Stewardship Incentives Program . . . . .	126
Forestry Incentives Program . . . . .	127
Outreach to Private Landowners . . . . .	127
Wildlife Incentive Programs . . . . .	128
Upland Habitat Conservation . . . . .	128
Wildlife Habitat Incentives Program . . . . .	128
Phragmites Control . . . . .	129
Partners for Fish and Wildlife . . . . .	129
Partners in Flight . . . . .	129
Conclusion . . . . .	129
Recommendations . . . . .	130

**SECTION III: STATEWIDE BIODIVERSITY**  
**CONSERVATION . . . . . 133**

**Chapter 8: Toward A Comprehensive Strategy**  
**for Delaware . . . . . 135**

Why a Comprehensive Statewide Strategy? . . . . .	135
Strategic Efforts in Other States . . . . .	135
Defining the Focus for a Delaware Strategy . . . . .	136
Necessary Components of a Delaware Strategy . . . . .	137
Conclusion . . . . .	138
Key Policy Recommendations . . . . .	138

**Appendix I: Acronyms . . . . . 143**

**Appendix II: Delaware Contacts:**  
**Federal, State, and Local . . . . . 145**
