

STATE OF DELAWARE
DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL
DIVISION OF WATER RESOURCES
GROUND WATER DISCHARGES SECTION

Application to Obtain a Class D (Soil Scientist) On-Site License

The following information will assist you in applying for a Class D (Soil Scientist) On-Site License.

1. Applications must be received by the Department at the address below, no later than the last day of the month **with a \$40.00 non-refundable application fee per on-site license** (cash or check payable to "Division of Water Resources" is accepted). The completed application will be forwarded for review by the On-Site Systems Advisory Board (Board) on the first Wednesday of the next month. Applications are valid for twelve (12) months from date received.
2. Upon application approval by the Board, written closed-book examinations are given once a month, on the third Thursday of each month at 8:30 a.m. All exams are given in the Richardson and Robbins Building Auditorium, 89 Kings Highway, Dover, DE 19901. If the applicant receives a passing score on their examination (70% or better), the \$40.00 non-refundable application fee (per on-site license) will be applied to the annual \$40.00 license fee.
3. All materials required to take the exam(s) will be furnished.
4. Applicants are required to show photo identification prior to testing. A driver's license is acceptable.
5. Anyone conducting business in the State of Delaware must have a Delaware Business License. Contact the Division of Revenue: New Castle County (302) 571-8200, Kent County (302) 744-1085 or Sussex County (302) 856-5358. Toll free for Delaware only (800) 292-7826.
6. The State of Delaware Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems (Regulations) are available in either the Dover or Georgetown Office for \$5.00 per copy. Make checks payable to the "Division of Water Resources." The Regulations are available electronically free of charge at

<http://www.dnrec.state.de.us/water2000/Sections/GroundWat/GWDSRegulations.htm>
7. If you require any further information, please contact the On-Site Licensing Coordinator at (302) 739-9948.

Return the original application with the application fee to:

DNREC – Water Resources
Ground Water Discharges Section
Attn: On-Site Licensing Coordinator
89 Kings Highway, Dover, DE 19901

Definitions of Licenses

Class D – Soil Scientist: The Class D license authorizes the performance of site soil evaluations, percolation and/or permeability tests or hydraulic conductivity tests.

Requirements per the Regulations

4.05000 With respect to Class D licenses the following shall constitute the Department's requirements:

- (a) A completed application on forms provided by the Department; a resume which demonstrates that the applicant has had relevant experience in the field of soil classification and mapping and/or site evaluations for on-site wastewater treatment and disposal systems; provide three (3) references; and one of the following (b, c or d)
- (b) Six (6) years of professional experience under the supervision of an ARCPACS Professional Soil Classifier or Class D Soil Scientist in soil classification, mapping and interpretation with nine (9) semester hours in soil science and six (6) semester hours in geological sciences from accredited college or university; or
- (c) Four (4) years of professional experience under the supervision of an ARCPACS Professional Soil Classifier or Class D Soil Scientist in soil classification, mapping and interpretation and an undergraduate degree from an accredited college or university with nine (9) semester hours in soil science and six (6) semester hours in geological sciences; or
- (d) Two (2) years of professional experience under the supervision of an ARCPACS Professional Soil Classifier or Class D Soil Scientist in soil classification, mapping and interpretation and a graduate degree from an accredited college or university with thirty (30) semester hours in biological, physical and earth sciences and fifteen (15) semester hours in soil science; and
- (e) Pass a written examination administered by the Department to test the competency and knowledge of the applicant regarding site evaluations and pertinent information contained within the regulations as it relates to siting OWTDS; and one of the following (f or g)
- (f) Registration as a Professional Soil Classifier with the Federation of Certifying Boards in Agriculture, Biology, Earth and Environmental Sciences (ARCPACS); or
- (g) Pass a field practicum prepared and administered by the Site Interpretations Advisory Council and/or the soil scientists on the On-Site System Advisory Board. The field practicum shall assess whether competency exists for evaluating soils specific to Delaware.

Application to Obtain a Class D (Soil Scientist) On-Site License

**DEPARTMENT REQUIREMENTS
 (COMPLETE ONE OF THE THREE SECTIONS THAT APPLIES)**

Regulatory Requirement: Six (6) years of professional experience under the supervision of an ARCPACS Professional Soil Classifier or Class D Soil Scientist in soil classification, mapping and interpretation with nine (9) semester hours in soil science and six (6) semester hours in geological sciences from accredited college or university, OR

Professional Experience Requirement

ARCPACS Professional Soil Classifier Name	Employer	Supervision Date (To/From)
Class D Soil Scientist Name	Employer	Supervision Date (To/From)

Educational Requirement (course must be listed on attached transcript)

Soil Science	Course Name	Semester Hours	Grade	College/University
Geological Science	Course Name	Semester Hours	Grade	College/University

Regulatory Requirement: Four (4) years of professional experience under the supervision of an ARCPACS Professional Soil Classifier or Class D Soil Scientist in soil classification, mapping and interpretation and an undergraduate degree from an accredited college or university with nine (9) semester hours in soil science and six (6) semester hours in geological sciences, OR

Professional Experience Requirement

ARCPACS Professional Soil Classifier Name	Employer	Supervision Date (To/From)
Class D Soil Scientist Name	Employer	Supervision Date (To/From)

Educational Requirement (course must be listed on attached transcript)

Soil Science	Course Name	Semester Hours	Grade	College/University
Geological Science	Course Name	Semester Hours	Grade	College/University

Application to Obtain a Class D (Soil Scientist) On-Site License

The purpose of the examinations is to test the applicant's knowledge of the sections of the Regulations, which pertain directly to the type of license for which the applicant is applying. **You must obtain a 70% or better to receive a Class D license issued.**

Class D Examination

This examination consists of 70 multiple-choice and true/false questions. The questions are on information contained in **Definitions, Section 2.00000, Section 4.00000, Section 5.00000, Section 6.00000, Section 9.00000, Section 10.00000 and Exhibits.**

Typical question:

- 1) What is the prescribed distance (in feet) from the approval area that a soil scientist must investigate when searching for on-site and adjacent wells?
 - a. 100
 - b. 75
 - c. 150
 - d. 50
